Industrial Grade

All products meet international quality standards including ISO, CE, and SASO requirements.

Reliable Supply Chain

Direct manufacturer partnerships enable competitive pricing and fast KSA-wide delivery.

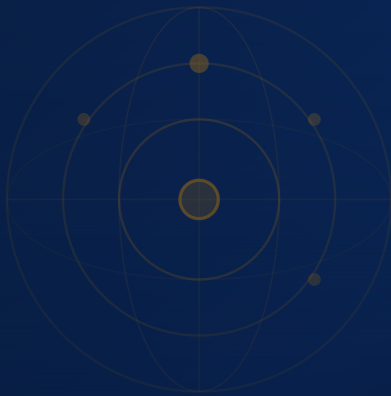

Trusted Partnerships

Long-term relationships with leading global brands in safety, tooling, and industrial supply.

Custom Procurement

Tailored sourcing for bulk orders, project requirements, and specialised procurement needs.

— OUR MISSION

Delivering Quality, Building Trust

To be the most reliable industrial trading partner in Saudi Arabia — supplying quality products on time, at competitive prices, with exceptional service.

— OUR VISION

KSA's Premier Industrial Supplier

KSA's Premier Industrial Supplier for ELPS, Panel Board & its accessories & Specialized junction boxes.

— CORE VALUES

Quality Assurance

Every product meets industry standards and client specifications.

Reliable Delivery

On-time supply with transparent tracking and communication.

Client Partnership

Long-term relationships built on trust and shared success.

Smart Procurement

Efficient sourcing that reduces costs without compromising quality.

— 01

Safety & PPE Equipment

Comprehensive PPE and safety gear meeting international standards for head, eye, respiratory and body protection.

- Hard hats, safety helmets & bump caps
- Safety goggles, face shields & welding visors
- Respiratory masks — dust, gas & full-face
- Hi-vis vests, coveralls & flame-retardant suits
- Safety boots, harnesses & fall-arrest systems

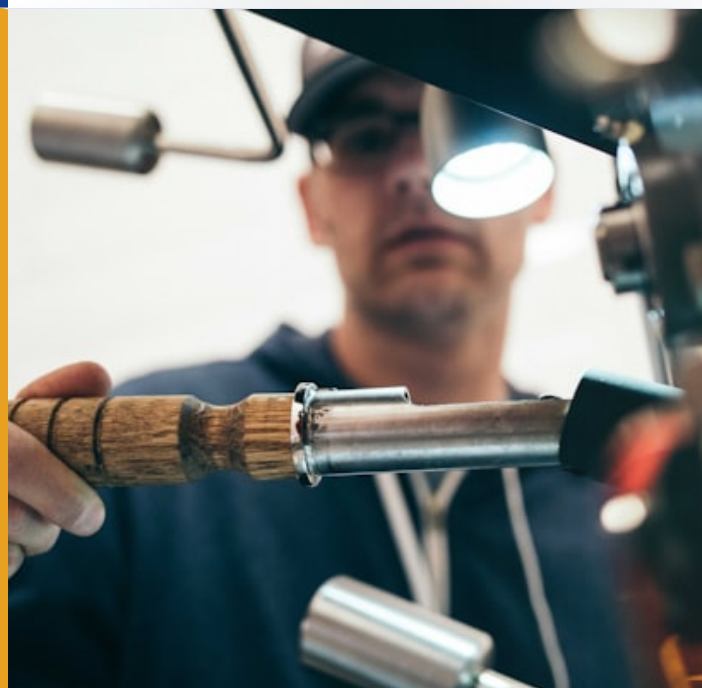

— 02

Hand & Power Tools

Professional-grade tools from globally recognised brands for maintenance, construction and workshop use.

- Spanners, wrenches, ratchets & socket sets
- Screwdrivers, pliers, hammers & chisels
- Drills, grinders, circular saws & jigsaws
- Torque wrenches & calibrated precision instruments
- Cordless tool systems & compatible accessories

— 03

Industrial Hardware & Fasteners

Extensive catalogue of fasteners, anchors and structural hardware in standard and metric sizes, stainless and galvanised options.

- Bolts, nuts, washers & threaded rods (DIN/ISO)
- Chemical & mechanical anchors for concrete & masonry
- Pipe clamps, strut channels & hangers
- Wire rope, chains, shackles & lifting hardware
- Stainless, galvanised & carbon steel grades

— 04

Electrical Supplies & Components

Full range of electrical materials and switchgear for industrial and commercial installations, SASO and IEC compliant.

- LV/MV cables — armoured, flexible & fire-resistant
- Conduit systems — rigid, flexible & liquid-tight
- MCBs, MCCBs, contactors & motor starters
- Distribution boards, panels & enclosures
- LED industrial & hazardous area lighting

— 05

Plumbing & Hydraulic Systems

Complete plumbing and fluid control solutions for water, oil, gas and chemical service in industrial facilities.

- GI, CPVC, PPR & stainless steel pipes & fittings
- Ball, gate, check & butterfly valves
- Hydraulic hoses, fittings & quick-connect couplings
- Pressure gauges, flow meters & level indicators
- Water treatment chemicals & filter elements

— 06

Earthing & Lightning Protection

Complete earthing and lightning protection systems for industrial, commercial and infrastructure applications — ensuring electrical safety and equipment protection.

- Copper-bonded & stainless steel earthing rods
- Earthing plates, strips & clamps
- Lightning arresters, surge protection devices & SPDs
- Earth pit covers, inspection chambers & accessories
- Earthing conductors, tapes & chemical compounds

— 07

Maintenance, Repair & Operations

Comprehensive MRO supplies — lubricants, adhesives, cleaning agents and workshop consumables to keep operations running.

- Industrial lubricants — oils, greases & specialty fluids
- Adhesives, sealants & anti-seize compounds
- Cleaning agents, degreasers & industrial wipes
- Abrasives — grinding discs & flap wheels
- Electrical tapes, cable ties & heat shrink

— 08

Material Handling Equipment

Safe and efficient material movement solutions for warehouses, factories and construction sites.

- Pallet trucks — manual, electric & high-lift
- Platform trolleys, drum handlers & stackers
- Lifting slings — webbing, chain & wire rope
- Manual & electric chain hoists
- Bins, pallets, containers & bulk bags

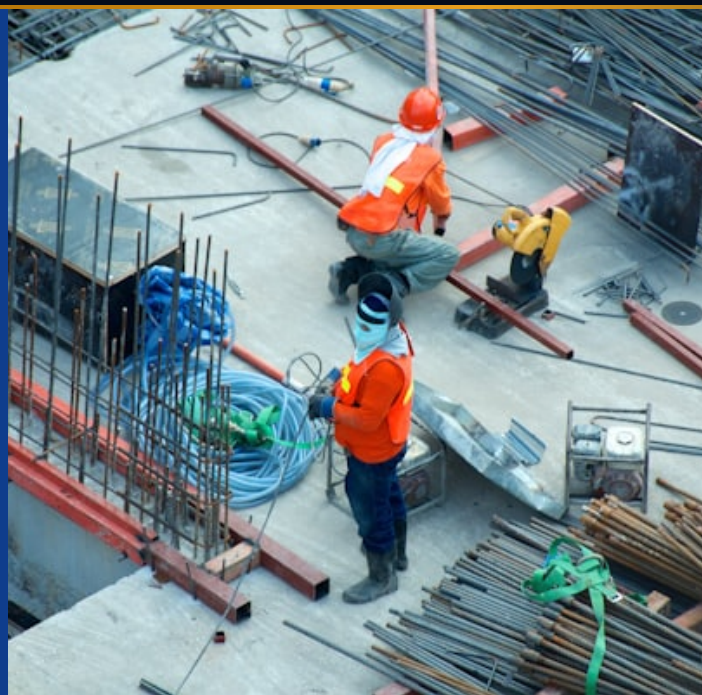

— 09

Pumps & Compressors

Industrial pumps and compressed air systems for HVAC, water treatment, manufacturing and general industrial use.

- Centrifugal & submersible water pumps
- Diaphragm, gear & peristaltic dosing pumps
- Piston & screw air compressors
- Compressed air accessories — dryers, filters & regulators
- Pump spare parts — impellers, seals & motors

10

Welding & Fabrication Supplies

Complete welding consumables for MIG, TIG, MMA and gas welding, including PPE, wires and positioning tools.

- MMA electrodes — mild steel, stainless & low-hydrogen
- MIG/MAG wire — solid, flux-cored & stainless
- TIG rods — aluminium, stainless & carbon steel
- Welding helmets, gloves, aprons & curtains
- Welding clamps, magnets & positioning tools

11

Industrial Instrumentation

Measurement and monitoring devices for pressure, temperature, flow and level — essential for process control and safety.

- Pressure gauges, transmitters & switches
- Temperature sensors — thermocouples, RTDs & thermometers
- Flow meters — turbine, electromagnetic & ultrasonic
- Level indicators, float switches & ultrasonic sensors
- Gas detectors & environmental monitors

12

Storage & Racking Systems

Scalable industrial storage infrastructure for warehouses and factory floors, from light shelving to heavy pallet racking.

- Boltless & bolt-together steel shelving units
- Heavy-duty selective pallet racking systems
- Cantilever racking for long & irregular items
- Mezzanine floor systems & raised platforms
- Lockers, cabinets & tool storage systems

— TRUSTED BY

Our Valued Clients

Proud to serve industrial, commercial, and construction clients across Saudi Arabia.
